

NEW!

PRYME®

PRYME Braided Fiber Cable Products

The new MIRAGE-BF™ series products feature our CUSTOM MADE BRAIDED FIBER CABLE developed in our own factory for superior bending and pulling strength. In fact we are so confident in the quality of our new cable, we will replace it for free if it ever breaks!

The new SPM-1300-BF series has all the features of our popular MIRAGE™ series, rugged, dual-PTT switches, Twist Connect clear tube, loud speaker, included semi-custom ear mold, but made with our new BF cable.

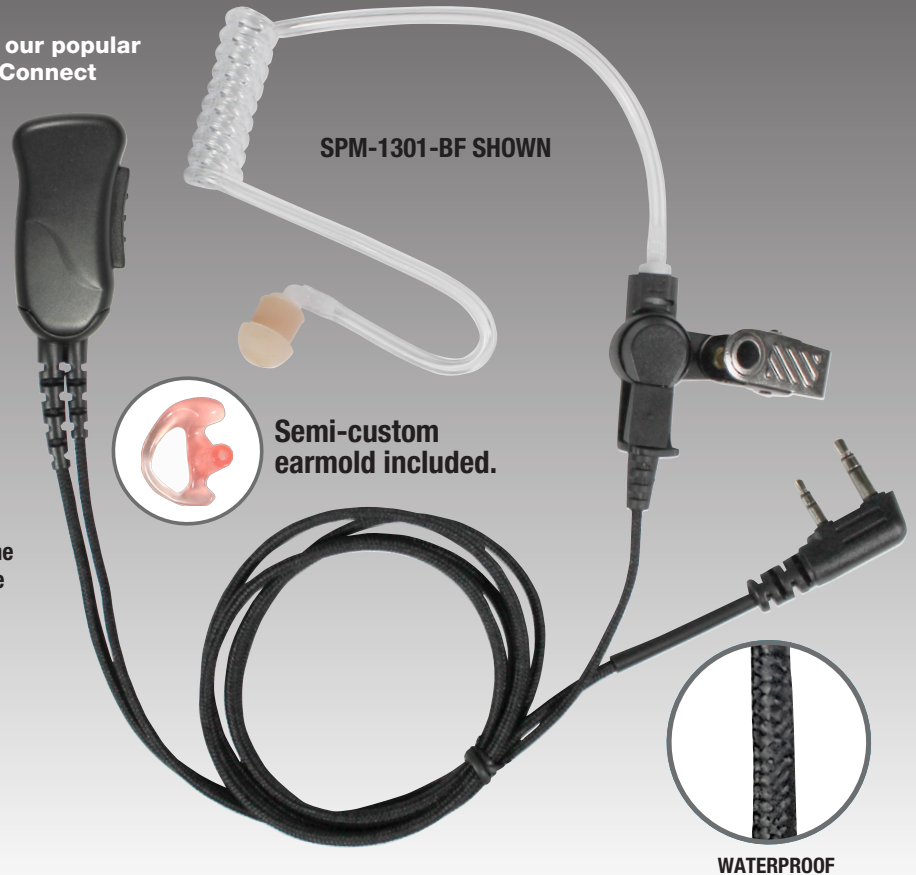

Now you have two choices! Traditional PU coiled cable or new Braided Fiber cable for exactly the same price.

ADVANTAGES OF BRAIDED FIBER CLOTH

- Soft / comfortable
- Resists tangling
- Non-reflective
- Waterproof
- Good for pulling and bending

MIRAGE™ SERIES FEATURES

- Rugged lapel mic with surveillance style acoustic tube earphone
- TWIST CONNECT acoustic tube assembly for easy maintenance and hygiene (multiple users)
- Heavy duty, stainless steel clip rotates 360 degrees for comfortable use
- Noise reduction microphone for superior audio quality
- Dual PTT switches for exceptional reliability
- Rugged polycarbonate PTT housing and speaker clip
- High output speaker is easy to replace when necessary
- Includes both soft earplug and semi-custom ear-mold

Full line of high quality single and dual wire braided fiber kits coming soon.
