

# PRIMA FACIE® BODY CAMERA

\*Actual images, taken with the Prima Facie Body Camera

The lightweight, easy-to-wear Prima Facie® Body Camera is designed to capture audio, photo, and video evidence that delivers an accurate record of officer engagements for complete situational awareness and tamper proof digital evidence. The cameras, which clip onto the shirt, are designed to be an unobtrusive tool for officer interactions with an industry leading 120 degree field of camera vision recording in 1080p FHD video. IP55 rated casing protects digital evidence against rain or dust and IR illumination provides performance at any time of day or night.

## High Definition Video, Pictures, and Audio

The Prima Facie records video in crisp 1080p full high definition (FHD) for optimal clarity, including pre-event recording. Officers also have the option to record high resolution still images and audio files. IR illuminators ensure clear images even in zero light situations. Recorded files can then be reviewed instantly on the Prima Facie's integrated color LCD screen, or securely downloaded to an authorized computer.

## Integrates Seamlessly

The Prima Facie's lightweight and compact case adds nothing to an officer's already heavy equipment load and doesn't take up space on a crowded duty belt. Simply clip the Prima Facie onto a shirt, or anywhere on the upper body with a clear line of sight. The IP55 dust-proof, water-resistant case allows Prima Facie to operate for the officer in roadside or rain conditions.
